

# AQUAMETIX™

CARBON TECHNOLOGY

**Lead, Cyst, Chlorine, Chloramine, Arsenic, VOC's, Fluoride, Copper, Zinc, Taste & Odor**

AquaMetix™ is a unique blend of proprietary ceramic and carbon technology with Activated PAC media offering the highest quality drinking water possible from a single stage filter. AquaMetix™ combines the highest FDA-compliant raw materials with cutting-edge manufacturing methods resulting in unparalleled performance in an exclusively U.S.A. Manufactured product.

## Filtration features and benefits

- 0.5 micron Nominal filtration

### Reduces

- Aluminum
- Arsenic (III, V)
- Cadmium
- Chloramines
- Chlorine
- Chromium (III, VI)
- Copper
- Cysts
- Fluoride
- Lead
- Mercury
- Nickel
- Radionuclides
- Silver
- Trihalomethane
- VOC's
- Zinc

## Technical specifications

Part No.	Size	Contaminant Reduction Capacity	Micron Rating	Case Quantity
AMB-25-975	2.875" x 9.75"	>2500 gallons @ .75 gpm	0.5 µm (nominal)	25
AMB-25-20	2.875" x 20"	>5000 gallons @ 1.5 gpm	0.5 µm (nominal)	16
AMB-45-975	4.65" x 9.75"	>7500 gallons @ 2 gpm	0.5 µm (nominal)	16
AMB-45-20	4.65" x 20"	15000 gallons @ 4 gpm	0.5 µm (nominal)	6

Estimated Capacity based on 2ppm influent concentrations with >90% reduction

AquaMetix™ filters offer high chemical adsorption capacity and are an excellent all encompassing filter cartridge suitable for a wide variety of contaminant removal situations. Designed for use in most standard-sized filter housings.

Performance Data is based upon manufacturer's internal testing.

Customized production is available in a wide range of non-standard diameters and lengths.

Filter Media	AquaMetix™ with Activated PAC
End Caps	Polypropylene
Inner/Outer Wraps	Spun-bonded Polypropylene
Netting	Low Density Polyethylene

These filters are not intended to be used where the water is microbiologically unsafe or with water of unknown quality without adequate disinfection before or after the filter.

Maximum operating temperature 100°F; maximum operating pressure 100 psi.

All performance claims presented here are based on data believed to be reliable but are not to be considered a warranty of performance.

Performance of the filter may be altered by the housing, or the source water's organic content, turbidity, pH, or other conditions encountered in actual use.

Seller makes no warranties of any kind, expressed or implied, and expressly disclaims all warranties of every kind, concerning this product, including warranties of merchantability or fitness for a particular purpose, except that this product should be capable of performing as described in this product data sheet.

Seller's obligation shall be limited solely to the refund of the purchase price or replacement of the product, if proven defective, at Seller's sole discretion.

Determination of suitability of product for uses and applications contemplated by Buyer shall be the sole responsibility of Buyer. Use of this product constitutes Buyer's acceptance of this Limited Liability.
